PRESIDENTS REPORT

My Credit Union

August 25, 2015 this year is the 40th anniversary of My Credit Union. It started in a 10x10 office with about 10 original members who sat on the floor and conducted the first meeting to start the operations. As we embark on this 40th year, we celebrate success and continue to introduce new products. Three of the latest products that offer convenient service are found in our mobile applications for your phone. We have a mobile banking app. that mirrors your online account access with your p/c. We have a mobile deposit app. where you can take a picture of your check and send in your deposit via email. And we have an ATM locator app. that identifies FREE ATM's in your immediate area of travel. My Credit Union is a member of a shared ATM co-op where you have access to 30,458 FREE ATM's nation wide.

Our Mission?

Why do we do what we do? Our mission is to continue to bring low-cost financial services to the credit union members (YOU) and excellent service as well. We don't have voice mail. We don't have long lines. We have the best loan rates and we beat the dealer's rates every day. We offer refinancing to members who went to a dealer and would like to come back to the credit union for a better deal. **Why? Because**, we are **not** just another bank. **Because**, the credit union is a membership organization formed to support and serve the members. **Because**, all profits after expenses are kept in the credit union to lower the costs of services to benefit all the members. **Because**, My Credit Union is unlike a bank whose profits are dispersed to the bank stockholders.

We need your loyal support. **Why?** Because we **only** exist to support the membership. We need and want your business. We are only a small financial entity compared to almost any bank. But, we give members better service and better loans. We look out for members, help them negotiate the price of their new car, provide members new car invoice price information that we subscribe to. Everything we provide and everything we do is to benefit the membership. We don't offer a program that is bad for our members.

My Credit Union has continued to help members with loans, savings and services. My Credit Union is here to help YOU with all your financial needs.

Why Remember and Choose My Credit Union?

Because we exist because of you.

Because we can provide better loan rates and services for you.

Because we don't treat you like a number or inconvenience.

Because we can answer our phone. (no voice mail)

Because we are not just another bank

Because you have a CHOICE!

Thank You, for trusting us with your business.
