

**Information for all members: Tuesday, July 7, 2020**

Together We Can Succeed. Despite the virus, we are still working hard for you. Our employees behind the lines are safeguarding your money, making sure your direct deposits and debit card transactions are not interrupted so your accounts with us operate as usual.

**During these slower times we are here to support you as your member of a member-owned credit union. As a member run and owned financial organization, we look out for the best interest of the members. Sometimes we hear of things that are not good for our members.**

**Recently several members have advised us that when they went to buy a new car that the dealer told them, due to the virus, the member could not finance their new vehicle outside of the dealership. We want you to know that this is not true. We are here to finance your vehicle and there is no law or reason that you do not have a choice. We say, if you run into a dealer who holds back financing and/or discount/rebates, then you should exercise your choice to do business somewhere else. My Credit Union does pre-approvals for auto loans, new or used. Call us first and let us help you through the buying process. We are on your side. Dealers are not.**

**We will try our best to meet or beat any dealer rate. Remember to take all their discounts and rebates and take the best rate from us. The dealer usually will not give you discounts and the low rate.**

**Re-finance the auto you have at the dealer or somewhere else and we will knock up to 2% annual percentage rate off your current rate. We do the paperwork for you.**

You can apply for one of these loans from the comfort of your home. We can close electronically or with minimal contact by appointment. Go to [www.mycutx.com](http://www.mycutx.com) and follow the links to the type of loan you want.

**IF INSTRUCTED BY COUNTY OFFICIALS: Masks must be worn in public at MY credit union offices.**
